Experience

CIIT College of Arts and Technology
2024 – 2026

Peer Collaborator & Group Leader
Lead group projects of 4–6 members, ensuring deadlines are met

Resolve team conflicts calmly and professionally

Summary

Reliable and calm under pressure with 5+ years of college coursework completed across multiple institutions. Proven ability to handle high-volume interactions, meet deadlines, and resolve conflicts professionally. Fast learner with strong communication, problem-solving, and technical skills. Available for night shift, weekends, and holidays.

Projects

Personal Portfolio Website 2024-2025

Interactive single-page portfolio featuring dark/light theme toggle, integrated music player, responsive design, smooth scroll animations, and interactive skill progression bars. Built with vanilla HTML, CSS, and JavaScript. <https://webcvabinales.netlify.app>

Miku Expo Online Store | Laravel E-Commerce Application 2025

Full-featured Laravel-based e-commerce web application for merchandise sales at a Hatsune Miku expo event. Features user authentication, shopping cart, order processing, and admin dashboard. <https://github.com/jianne-cs/WebDevFInalsMikuExpoOnlineStore>

STRIDE | Mental Health Monster Battle Game 2026

Gamified mental health web application that helps users visualize and battle stress, anxiety, and mental health challenges through customizable monster avatars with turn-based battle mechanics.
